I'm glad we went with this one! Overall, the artists were all happy with their results.

I think it would be a good idea to promote this on the Myspace.

the best way to do it would be to have an image/name "Bright Red Chords", and say something to the effect of "playing at radio right now in:" then list the stations underneath. We can add more as they come in. Also, we include the station call letters and city, and then the request line phone number. This will encourage L&L fans all over the country to start helping the band build their plays on radio by calling in and requesting BRC at our stations!

This has worked very well for other bands in the past.

Hi Bill.

Question,

Should we promote this on Facebook or Myspace and ask local fans to call the radio station request line?

We can try to find fans in each area. Does it have to be the same town? Or can it be within 25 miles?

Yes, it can be 25 miles away.
